

MIAMI MICRO DATA HELP FILES:

Downloading Oracle Primavera Contract Management v14 With Business Intelligence

Purpose: Instructs users how to download Oracle Primavera Contract Management v14 with Business Intelligence.

Prerequisites: Before following this guide please make sure to create an account in the Oracle website.

1. Head to the website: <http://edelivery.oracle.com> – You may do so by clicking on the link as well.
2. Click the button that reads “Sign In / Register”
3. Use the account that you have created in the oracle website to log in.
 - **Note:** If you have not yet created an account in the Oracle website you will find instructions on how to do so by [Clicking Here](#)
4. In the next page click both checkboxes that appear to agree to oracles terms and restrictions.
5. From the dropdown “Select a Product Pack” select “Primavera Applications”
6. Select your operating system from the dropdown: “Platform”
7. Press “Go”
8. In the table look for the third column that says “Part Number” and look for the number **B64463-04**
9. Click the product name in that same row
10. In the next page look for the same column labeled “Part Number” and download the following items:
 - V34873-01
 - V34872-01
 - V24341-01
 - V26018-01

If you have a 32-Bit operating system download the following:

- V26192-01 Part 1 of 2
- V26192-01 Part 2 of 2
- V26193-01 Part 1 of 2
- V26193-01 Part 2 of 2
- V26204-01

If you have a 64-bit operating system download the following:

- V26194-01 Part 1 of 2
- V26194-01 Part 2 of 2
- V26195-01 Part 1 of 2
- V26195-01 Part 2 of 2
- V26205-01

11. The items are downloaded by clicking the “download” button that is next to them.
12. Please make sure to contact us once the download is completed so that we may begin the installation process. (This is only if you wish to receive our support in the installation process)
